

## The Other Way

A ray of light show us the luxury of friendship and independence  
The first step on the chase for the sun has begun  
Slowly, slowly step by step always stick to the facts, stick to the facts

Our hearts beat in the same tact  
Emotions on a coaster. You shout it from the roof top of life  
And suddenly you lie under the flowers in the garden in front, in the  
garden in front

Fortunately we have the choice  
To follow our inner voice  
Never stop and never stay  
We're on the other way, the other way

Everyone is part of this dream  
You alone decide if it grows or nip in the bud

Fortunately we have the choice  
To follow our inner voice  
Never stop and never stay  
We're on the other way, the other way

Fortunately we have the choice  
To follow our inner voice  
Never stop and never stay  
We're on the other way, the other way

The other way  
The other way  
The other way

The other way  
The other way  
The other way

We all swim in a fishbowl inside of the ocean  
Let's swim outside. Let's swim outside.

The other way
